**THIS IS AN INVITATION** to be part of a unique once-in-a-lifetime transatlantic crossing. We want you to help us nail two records during a 3,100 nautical mile passage. You will help sail a hyper-fast offshore One Design SeaCart 30 trimaran and during the trip you will have the chance to learn from two world-class professional sailors. For safety reasons we will use a tracking device and start the crossing in the same timeframe as the ARC Rally. All you have to do to make this happen is to set aside 20 days from your busy life, prepare your gear and fork out 100,000 USD. Move fast, go or no go decision by 7 November. Welcome onboard!
